NEWS

DONATE

Mosaic teaches people — from 4th graders to adults in the workplace — how to reach over the things that divide us in order to build inclusive communities where we celebrate our diversity.

In doing so, we transform our lives and our world. We make peace. Join us.

ASSERTIVENESS

“I’ve changed after Mosaic because I’m better at solving conflicts and problems that the world has. Also, I’m better at standing up for myself. I used to be really passive. I think I’ll keep those changes.”
